2008-2009 (

Dear Readers,

One of the many rewarding aspects of my job is to watch the growth and development of our students. I am particularly gratified that so many of our graduates go on to have university and college successes and ultimately rewarding careers in Bermuda and beyond. Many of them come back to visit regularly which is equally gratifying. One of the things they always want to see, and sometimes replace, is the yearbook of their graduating year.

For all of us these yearbooks are not only a record of growth and development but also a record of our smiles, our friends, our teachers, our clubs, our sporting abilities and the way we looked back then. Everyone looks at their yearbook and smiles they are happy books!

My thanks go to Cheri Hunter and her yearbook team for another happy book and my congratulations also go to the 2009 graduating class.

Make sure you keep your copy in a safe place!

Enjoy,

Maggie McCorkell Principal

Dear Readers,

In writing this piece for the 2008 - 2009

Yearbook, I had a long think about what function a yearbook serves. Many schools have them, some do not. So the question on my mind was, why go to all the effort and expense of creating a yearbook? Yearbooks are fabulous tools for promoting all the positive aspects of a school. They are very useful when talking to prospective parents, as they are a snap shot of the school year and can provide a flavour of the school. They are great to have on hand when interviewing job candidates.

Having said all of this, yesterday the true importance of a yearbook came to me. My daughter and I were talking about her last school in Rio de Janeiro and she wanted to remember some of her friends and teachers. We reached for the yearbook from our last year at the school and all the memories came flooding back. It was quite an emotional journey and it was fantastic to think that, no matter where she goes or what she ends up doing with her life, those pictures will always be a link to a happy time in her past; just as this Warwick Academy Yearbook will be a link to her very happy first year in Bermuda.

Yearbooks, at the end of the day, are about the people that make up the school community and for the people that make up the school community; everything else is just a bonus.

I am honoured to be writing this piece and I am very grateful for the way the Warwick Academy family has taken me and my family into their hearts.

Enjoy this book. I hope it brings lots of smiles to faces and revives happy memories for years to come.

start saving for their education now

Education is the best policy. A BF&M Educational Savings Policy is where dreams begin to become achievable. It gives you peace of mind knowing that a college education is the best investment you can make in your child. The earlier you start, the more time your money has to grow. Our policy is simple to set up and you can even have your contributions deducted automatically from your checking account. Your BF&M Life Insurance representative will be happy to help you get started with deposits as little as \$50 a month. For more information please call 295-5566 or visit us online.

CARING FOR OUR COMMUNITY

Student/Volunteer Services Tel: **441 239 2134** 2008-2009 www.bermudahospitals.bm/volunteer/kemh.html

Dear Readers,

I am delighted to write my first letter as the Head of Sixth Form for the 2009 Yearbook.

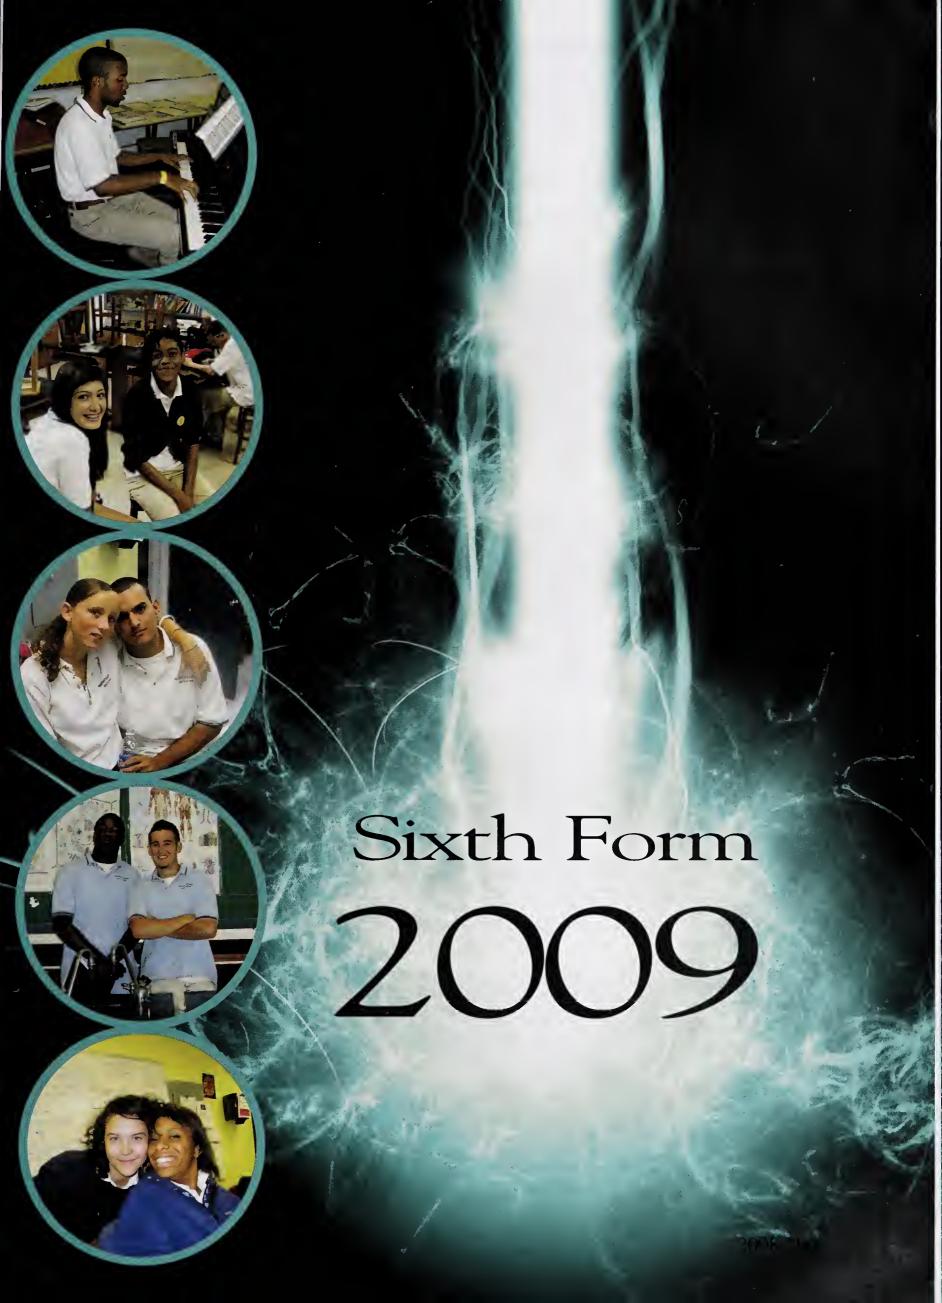

The Year 13 are busy as I write applying for scholarships and accepting the many offers from university. This is a very exciting time for them as they approach graduation, for some, after 13 years here in the school. They are also revising for those final important I.B. exams in May which they have been working towards for the past two years.

Y12 students have got over the shock of the hard work required to study at I.B. level and I am very pleased with their attitude to their studies and determination. They have really enjoyed being in Barber Hall and will soon take over the common room as Y13 graduate.

I would also like to thank all the teachers of I.B. subjects at Warwick as they have worked so diligently, starting classes at 8am and finishing at 4:15pm, and then spending the additional time on extra curricular activities as well as planning and marking work. They are what really makes our sixth form so special. I admire their dedication, professionalism and sense of community.

Living in Barber Hall means there is never a dull moment; I thank the students for always making me laugh whether its from someones attempt at cooking, the excuses for procrastinating or decorating the common room to transform it for the next fundraising event. We've had a great year together and I look forward to more!

Miguel Franco

Patton

Favourite Saying: It's ya mouf...guys say anything.

Favourite Quote: Make Love not War

Remember Me:

To the living, I am gone.

To the sorrowful, I will never return.

To the angry, I was cheated,

But to the happy, I am at peace,

And to the faithful, I have never left.

I cannot be seen, but I can be heard.

So as you stand upon a shore, gazing at a beautiful sea -

remember me.

As you look in awe at a mighty forest and its grand majesty - remember me.

As you look upon a flower and admire its simplicity - remember me. Remember me in your heart, your thoughts, and your memories of the times we loved, the times we cried, the times we fought, the times we laughed.

For if you always think of me, I will have never gone.

RECOGNIZE GOOD WORK.

MAKE PROGRESS.

HOUSE MASTER: Mark Thorne

Morgan Staff: Charles Lowery, Sara Blackburn, Kerry Shaw, Ben Smith, Kent Hayward, Richard Crabtree and Nadia Yassien

Captains: Shawnae Brangman and Denzel Davis Vice Captains: Kenya Thompson and Alex Brown

Morgan house once again had a fantastic year winning the two major sports days and placing second in the other. The house captains above played an integral part to Morgan's successes and were always willing to lead by example.

Morgan started the term off brilliantly by winning the swimming gala for the 4th consecutive year. This year went right to the final race, however, and kudos to Robertson for giving us such a good challenge.

The next event on the calendar was the football/netball and volleyball event and as mentioned before, Morgan placed a respectable second.

The largest and most exciting event on the calendar is Track and Field and Morgan won for the 4th consecutive year. This time it was comfortably by 148 points over their nearest rivals. We had many highlights, but most exciting was the fact that three of our athletes won champion boy or girl in their age category.

They were: Shawnae Brangman in the U16 girls category, Shea Pitcher in the U16 boys category and Shari Weldon in the O13 girls category. Of course our victory came from team work so all MORGAN athletes need to be congratulated for their efforts.

Mr. Thorne says "We focus our entire year on hard work and cooperation. No one is forced to participate, they want to! We simply encourage members to choose events they can enjoy and ask that they always give their best."

Morgan maintains a great harmony amongst their members and we look forward to every event and every year. Next year we will maintain our high standards and expectations and hopefully we will continue to do as well!

Congratulations MORGAN for another GOLD year!!

Go Morgan The state of the sta

82 Just Passing Through

MOLGAN HOUSE

Patton have had another great year winning the sports day held in December, coming second in the track and field and narrowly missing out on first in the swim meet due to a technicality. We have had success off the sports fields as well, with the majority of merit winners coming from Patton. I think the new Pattonites in year 7 have done an excellent job and added to the wealth of talent already in the middle school. The high school has also been very successful and I would like to thank the House captains for their continued support. Patton still remain the house to be in and the staff have done a great job. I thank and send my commiseration to the other houses and hope that they remember that although they can send out a team, it will never be green. Finally I would like to thank Miss Coakley for supporting the house by wearing green tops every day this term!

Adam Griffiths

This past year, our house has become more like a family, showing significant improvements from previous years; not only sports wise but academically too.

Rhodes house has always been known to give their best effort in every aspect which is mirrored in the sports days; we continue to have enthusiastic participation within all age groups which gives off the positive vibe that makes Rhodes successful.

Although we were not always at the top, our house members never complain and demonstrate pride, giving their 100% effort which is really all we can ask for. We are a house that are steadily improving showing our best efforts in this past Track and Field Sports day, performing very well through commitment and determination from all participants. Even though our house is small, we prevail through our pride and spirit which measures to be greater than the other houses with an all around positive spirit no matter the outcome.

All in all, we are a happy house and genuinely care for one another; constantly motivating each other no matter what. We cannot forget all of the new year sevens joining us this year who have shown great enthusiasm in these past sports days suggesting the future is looking even brighter for Rhodes!

We are a continuingly improving house and our aspirations for next year are to continue with the keenness, drive and dedication which will help us to be on top once again!

This has been a great year for our house and we would like to congratulate and thank everybody who worked so hard; both academically and on the field.

Signed: Ryan Gunn and Julia Scully (House Captains)

Daeshun Greene and Taylor-Ashley Bean (Vice Captains)

I have been very fortunate to work with a wonderful team of pupils, lead by four very able captains. I am extremely proud of everybody who has taken part and worked so hard to make our house what is has developed into today. I would like to thank all the pupils and parents associated with Rhodes House for their commitment and continued support. Regards,

Mr. Goonewardene (House Master Rhodes House)

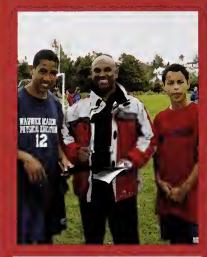

Go Rhodes

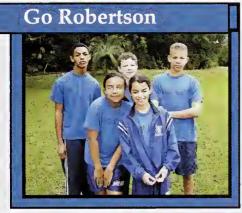

Robertson House had another great year in 2009. No house showed nearly as much sprit which was clear if you were to venture over to the Robertson area during the interhouse swim meet or any other sporting event. Support for our house was legendary and the envy of the school. Participation was a priority, often events had too many people signed up, an indication of how committed we all are to the House.

Mr. Rothwell had a great team of house captains backing him up. Edward DeSilva, Rowan Vickers, and Jalen Simmons worked hard to organize the boys. Rachel Petty and Erin Gillespie kept the girls in order. We also had an impressive staff attendance ready to support our team. We would like to thank all the students and staff that helped make 2009 such a great year for us.

Robertson House Captains

Upon entering Warwick Academy Primary, students are assigned to one of four House teams; Morgan (yellow); Patton (green); Rhodes (red) or Robertson (blue). If children entering the school are children of alumni, the school tries hard to ensure that the student is put on the same team as their parent was when attending Warwick Academy. There is a fierce weekly House competition involving earning Good Conduct Awards, Merit Awards, Superstar Awards and daily Commendations, all of which are assigned by the classroom teacher and add to a running team total. This total is tallied each week and the House Cup is presented to the winning House each Tuesday morning in Primary Assembly. The House Cup bearing the winning teams coloured ribbons is proudly displayed in the Primary Office each week and the points displayed on the House Notice Board.

Throughout the year, there is a monthly trivia assembly in Key Stage 2 and three major sporting events which contribute to the House point system. In Key Stage 2 trivia assembly, select students representing the four Houses, are presented world knowledge questions. Students have fifteen seconds to answer the question correctly before questioning moves on to the next team. At the end of the assembly, points earned for correctly answered questions are awarded to the respective House teams. Sporting events include an inter-house swimming gala for Key Stage 2 and an inter-house sports day for both Key Stage 1 and Key Stage 2. House points are awarded for place finishes and at the end of the sporting event, points are tallied and the winning House awarded the House Cup.

Submitted by Ms. S. Rickards

Little Shop of Horrors

Crowds gathered in Warwick Academy's Phoebe Purvis Memorial Hall to watch the sold out production of 'Little Shop of Horrors' which ran from December 3-6th. The director and drama teacher, Matthew McGowan, did just an outstanding job and took our production to a whole new level.

The show went off to an exciting start with an awesome opening involving the entire cast. The audience was quickly captivated; with the show starting with two opening numbers; highlighted by solos from the lead actors.

Everything on the night was on point, from the interaction between audience and cast members, to the perfected 'Skidrow' accent on the leading roles.

The cast was lead by outstanding performances from 15-year-old Rowan Vickers as Seymour Krelborn, and Hannah Dill and Izabella Arnold; aged 16 and 14, who both shared the role of Audrey.

They were supported by Korrin Lightbourne; who played the forceful role of Mr. Mushnik, and the dynamic trio; Crystal, Chiffon and Ronnette who completed every choral number with perfection; played by the talented Aimee Bento, Brittany Cox and Shana Parker. Chris West as Orin Scrivello DDS; captivated everyone from his entrance into the hall on his motorcycle, to his encounters with patients with the use of his 'laughing gas'. Rajai Denbrook, who graduated from Warwick last year, performed as Audrey II, the mysterious, overgrown talking plant.

This mega-sized phenomenon undoubtedly stole the show. So much so that this play is being considered as one of the best dramatic productions the Island has seen. The chemistry and enjoyment between the actors onstage was clearly evident; through the delivery of their dialogue and musical numbers throughout the play.

The outstanding leadership by Mr. McGowan, hard work and dedication the cast and technical team put in, was noted by all audience members. With a heart-warming storyline, a talented cast of actors and singers, and an abnormally large talking plant, Warwick Academy's production of 'Little Shop of Horrors' is undoubtedly something to remember. The results: \$30,000.00 to the Capital Campaign

Dollar for Hours

There was a mixture of excitement and trepidation on November 6th as the Y11 Geography students, Miss Shaw and Miss Turley arrived at BIOS to start 3 days of fieldwork. The promise of thunderstorms and long days of school work did not bode well for some individuals. After orientation the students gathered in the lab for the introductory session. This outlined the aims and objectives of the fieldwork and students were divided into groups before heading to Shelly Bay on the north shore to collect data. Once there each group had to convince someone to get into the sea to record measurements, and in some cases that meant fully clothed! They collected data on wave height and frequency and water depth to help calculate wave energy. After completing a field sketching of the bay, and a quick break for lunch, we moved to the beach to measure the beach profile and do a sediment size analysis. Following a bumpy bus ride back to BIOS the students returned to the lab to collate their data before dinner. Early evening entertainment was had by analyzing the results of the data, before finally being let loose for some free time before lights out. Following a hearty breakfast the next morning the group made their way by truck to Winsor Beach, by kind permission of the Mid Ocean Club, and set about collecting similar data for a south shore beach. The data was collected quickly and on completion we headed back to BIOS to write up the day's results, with a short interlude for dinner. The final morning was spent making comparisons of the physical processes affecting north and south shore beaches in Bermuda. All in all it was a successful and most

Geography Fieldwork

July 2008

"I want to come back again" were the words being echoed as we boarded the plane home from Reykjavik after a fantastic trip to Iceland. There are not many people who can proudly boast that they have ventured up volcanoes, walked behind waterfalls and gone up glaciers all in the space of a few hours. The sheer beauty and diversity of Icelands geographical landscape is overwhelming. Nor for that matter are there those that can say that they got lost in both America and Europe simultaneously, yet still found their way to relax in a hot tub at the end of the day. Both students and staff would agree that a wonderful time was had by all and it was certainly a memorable trip.

9 students in Y9 and Y10- Ashby Bradshaw, Claudie Richardson, Jazmyn Williams, Shana Parker, Alistair Hutchings, Seth Wilson, Nesta Maloney, Sarah Maybury, Izabella Arnold 2 members of staff- Miss Shaw and Mr Northcott 1st- 8th July

Submitted by Ms. K. Shaw

Iceland's 2008 Trip

A late arrival in Orlando on Saturday night without our hags meant a quick change of plan so it was off to McDonalds for the annual pilgrimage. The luggage did eventually arrive at 4:30 a.m., so early Sunday morning saw the hoys unpack and get organized.

Sunday afternoon had us heading to Winter Park for a game against Orlando East Orange. It was a hot day and the previous day's travelling seemed to take its toll on the boys as they struggled to make any attacking progress against a hig and strong OEO team. It was 0-0 at the half but we eventually lost 3-1 and had to consolc ourselves at the Chinese buffet later that evening. Afterwards we had a mini-golf tournament. On Monday we visited WetnWild, then later had an evening game at Trotters park in Maitland. The cooler evening air seemed to suit our boys well and they took full advantage of their chances to win 3-0.

Tuesday was a very hectic day as we left early in the morning for Kennedy Space Center. After some intensive study regarding Physics and space travel we then headed for the St. Johns River where the boys were treated to an airboat ride through the grasslands. After spotting a huge alligator, a bald eagle and hundreds of other native species, the boys returned to the Midway Tours headquarters. Once there they were able to hold and feed a two year old alligator, hold a huge boa constrictor and pet a wild pig. We stayed in the Titusville area for our evening game against Titusville Soccer Club. After a very even encounter in the cold night air, we stole vietory with two late goals to win 2-0.

On Wednesday we headed straight for Universal Studios/Islands of Adventure for a day of thrill seeking on the various rides. Spiderman, The Hulk and Dueling Dragons are definitely the favourites of many while others prefer the animated simulations like Jimmy Neutron or The Simpsons. That evening we were back at Trotters Park to play another team from the FC America club. Again we managed to squeeze a win out of an extremely even fixture; this time 3-2. We shared pizza at the field after the game with the opposition and the boys exchanged information on a variety of topics, mainly discussing things that were different about Bermuda and Florida.

October 2008

Thursday after a short trip to the outlet mall, it was time to prepare for the paintball battle. There's still much discussion as to which army really won the battle and who cheated but the only certainty is that Mr. Thorne and Mr. Rothwell are covered in bruises. After an afternoon of frenzied action we drove around to Lake Destiny for the final game of the tour against a team from Maitland Soccer Club. The boys quickly gained control of this encounter and had also brought their shooting boots with them so that we eventually ran out 5-0 victors.

An early rise on Friday and then the journey home to catch up on some well earned sleep. The boys were extremely well behaved. They played soccer with tremendous energy and showed excellent sportsmanship in both victory and defeat. They were fantastic ambassadors for both WA and Bermuda. All the teams that we played are already planning for next year's visit and looking at the possibility of coming to Bermuda to meet up again.

Submitted by Mr. A. Smith

Florida Football Trip

March 2009

The Y6 ski trip made its annual trek to the slopes of Winter Park, Colorado on March 28th for nine days of fun in the snow. Their chaperons were amazed, as always, by how quickly the students picked up the skills required for skiing and boarding. Evenings were spent on a tubing hill, the local movie theatre, shopping at Coopers Creek and enjoying an old fashioned snowball fight.

All too soon our week was over and, after a stopover in Philadelphia, a tired but happy group of teachers and students arrived back in Bermuda.

Primary Ski Trip

It was an exciting end to the Spring Term this year as the Year 10 students eagerly anticipated the annual Warwick Academy trip to Washington D.C. With a problem free departure form Bermuda and a packed itinerary we were all thrilled to be starting our adventure on the 28th April 2009.

On arrival in Philadelphia we were met by our guide, Eddie, who took great care of us. Not only was he informative but he brought enthusiasm and a great sense of humor to the trip. The adventure began with a visit to the Amish country which was a huge cultural shock for most of us. The farms were incredible and the way of life hugely different from anything we knew. What an experience!! Following this we took a trip to Gettysburg where our guide for day Dave took us on an incredibly passionate trip through American history, his knowledge of the battle was phenomenal and he really brought history to life for us. We then spent the afternoon in Baltimore and had an awesome dinner at the Hard Rock Cafe where students were hugely impressed by the memorabilia and took countless photos. Our arrival in Washington D.C was made wonderfully colorful by the cherry blossom that lined the streets. We were incredibly lucky to see them in bloom as this only happens for ten days of the year. Over the next few days Eddie provided us with a fantastic tour of the city. We went to the International Spy Museum, The Holocaust Museum, US Capitol Building, Archives Museum, Union Station, Mount Vernon, the Zoo and the Air and Space Museum. A real treat of the week was seeing Shear Madness, a play at the Kennedy centre which had Warwick Academy students doubled over in their seats with laughter. Another highlight was watching the Washington Wizards play the Cleveland Cavaliers in an exciting basketball game on our last night.

March 2009

Our trip to Washington was incredibly successful and an experience that we shall all treasure for many years to come. Our knowledge has grown; our friendships developed and our desire for travel heightened. What a great adventure! Miss Turley, Mr Burgess and Miss Scott thoroughly enjoyed taking this group on this wonderful trip and were immensely proud of the behavior and maturity shown by all students. We thank you Year 10 for such a wonderful experience and hope you enjoyed it as much as we did. Submitted by Ms. A. Turley

Year 10 Washington Trip

April 2009

On Saturday April 4th 2009, 38 very brave Y9 and Y10 students left Bermuda to embark upon a journey that would change their knowledge of France and the French forever. They were accompanied by 4 even braver chaperones, Miss Dunn, Mrs. Okanta_Ofori, Mr Marcos and Mr Wilson. After a two flights and a lot of hanging around airports, they were met at Nice airport by the people who would be their moms and dads for the rest of the week. We didn't see them again until Monday morning and we could tell by some of their faces that the reality had sunk in: they had landed in planet France and would have to use their French for 7 days. I could see the more determined ones muttering the phrases "I don"t understand" and "speak slower please" over and over to themselves. They were introduced to their French teachers and were taken off to their classrooms to start their daily programme of French classes.

Every day after class the whole group went on a planned excursion together. On the first day we were taken on a tour of the old town of Nice and ate ice cream at a café that had over 100 different flavours. To burn off the 100 flavours, we climbed over 100 steps to a park where we had an amazing view of the whole city and the ocean. The next day we were taken by train to the beautiful town of Antibes. After relaxing on the beach and admiring some of the local sights, we were taken to the Picasso Museum and the narrow, cobbled streets of the old town where everyone had the chance to buy more ice cream.

Everyone agreed that Wednesday was the best day because there was no class and we were taken out for the day to Monaco and Monte Carlo. More climbing of lots of steps to burn of the ice creams and pastries, and we stopped to hang around and admire the Royal Palace of Monaco and hope to get a glimpse of the Royal Prince. We went on to the Oceanographic museum, then on to Monacos Formula 1 racetrack. Before we left for the day we carried on to Monte Carlo and got to spend a few minutes posing outside the famous casino where the Bond film Casino Royale was filmed.

On Thursday afternoon we went to the seaside town of Villefranche and spent Friday afternoon together having a picnic on the beach in Nice. After a one more day of shopping on Saturday, we began our return trip to Bermuda on Saturday evening. Everyone agreed that it had been one of the most rewarding weeks of their lives and they were amazed to see how much of a difference it can make just being able to ask for things and hold a conversation with someone in French. Here's hoping the next French trip will be just as successful!

Dear Readers.

The 2008/2009 academic year was filled with highlights, hardships and heartache; however it was a year that the graduating class of 2009 will always remember. Whether a teacher, student or parent of Warwick Academy, no matter if you've been a part of the school for a few months or a decade, once the bond has been fostered it is one that lasts a lifetime.

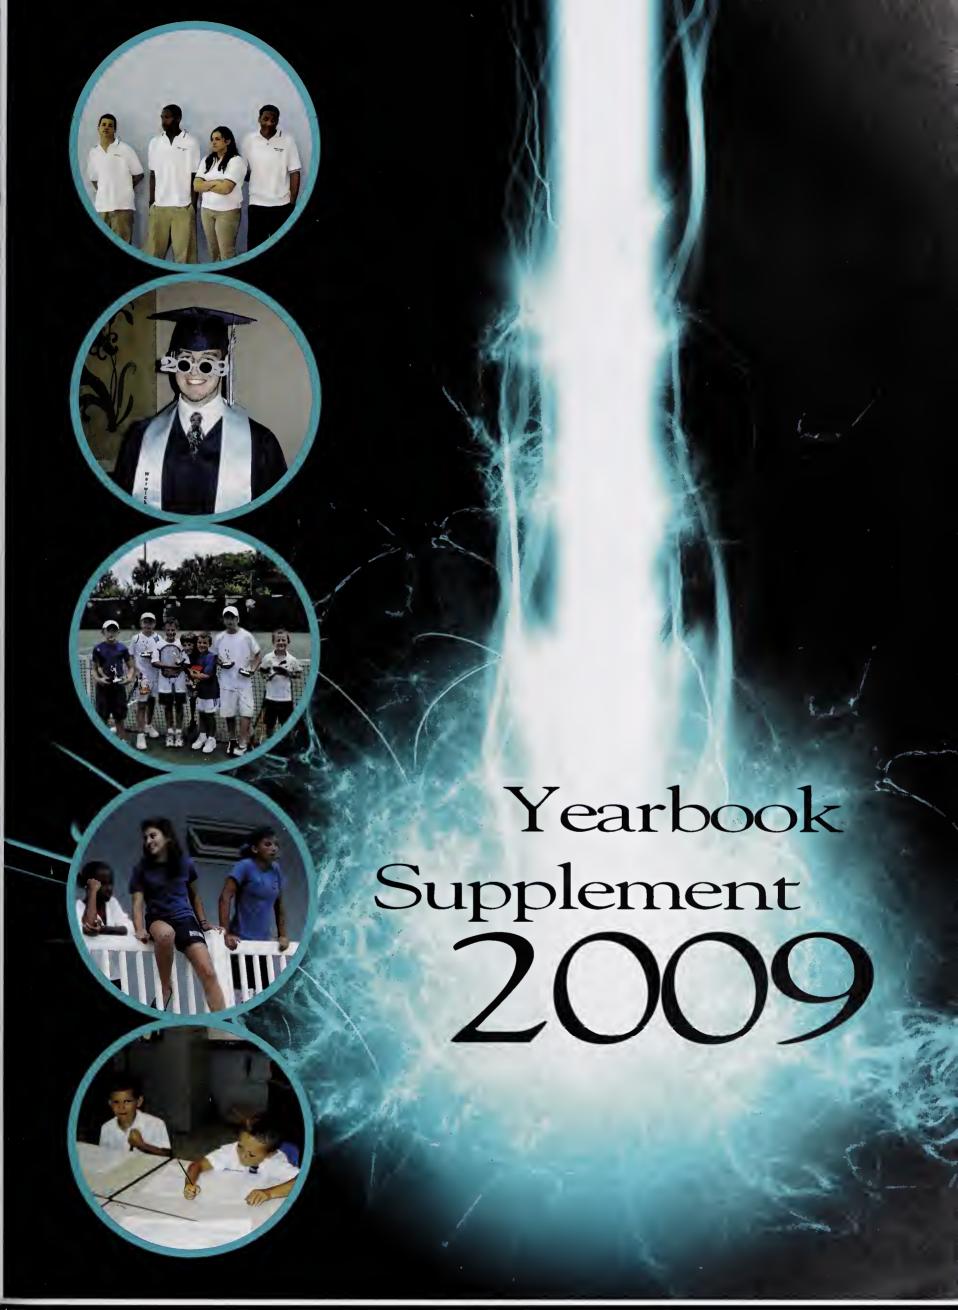

Having the opportunity to be Yearbook Editors was a fulfilling task, but nevertheless we could not have done this without the help we received. Countless hands worked on this Yearbook, and because of this we didn't succumb to the stresses that this position brings. Special thanks to Cheri Hunter for her patience, guidance and dedication, because without her this and every Yearbook would not be published. Also, thanks to our peers on the Yearbook Committee for taking time out of their busy schedules to put together the Yearbook you've just read.

As we close this chapter of our lives, we look back on the past year filled with gratitude and new found strengths after surviving the most grueling academic program we've ever embarked on. The saying that high school is both the best and worst time of our lives is true, but we wouldn't trade the experience for anything. As the 2009 graduates begin a new chapter filled with ambition, new experiences and success we would like to wish them good luck as they say "goodbye" to the school that has shaped them into the fine individuals that they are.

We will miss our classmates and Warwick Academy, but it has been a good run. To the graduates of 2009 . . . we did it!

Sincerely,

Dante Cooper Nicole DaPonte Year Book Editor Year Book Editor
